PROFILE SUMMARY

Motivated Web Developer and Computer Science student with strong hands-on experience in building full stack web applications using modern technologies. Proficient in frontend and backend development, API integration, and database management. Actively seeking an internship opportunity to apply technical skills, problem solving abilities, and passion for software development in a real world environment.

EDUCATION

Dipoma in Computer Engineering
DSEU University
2024
(Pursuing)

Matriculation Schooling (CBSE)
Rajkiya Sarvodaya Bal Vidyalaya
2024
(Dallupura,Delhi)

TECHNICAL SKILLS

Languages :
C, C++, JavaScript, TypeScript

Frameworks & Libraries:
React.js, Next.js, Tailwind CSS, Bootstrap

Backend Technologies:
Node.js, Express.js

Databases:
MongoDB, MySQL, Firebase

Tools & Version Control:
Git, GitHub

EXPERIENCE & ACTIVITIES

Innovation Club - College
Contributed to ideation and development of innovation driven projects, collaborating with peers to build practical real world solutions.

College Fest Coordinator
Coordinated and manage college fest events, ensuring smooth execution, recognized with certificates for active contribution

Online Frontend Teaching
Conducted online sessions on HTML, CSS and JavaScript for college peers, providing clear explanations and hands on guidance.

PROJECTS

RC EXPLORE - College Management Web Application
Developed a full stack web application to manage student information, timetables, and academic resource using React.js, Node.js, Express.js, and Firebase.

SpaceMeet - Real Time Collaboration Platform
Built a collaborative web application for real time ideation and teamwork using Next.js focusing on responsive UI and smooth user experience.

Vidversea - AI Video SaaS Platform
Created a SaaS web application for AI generated video scripts using Next.js, integrating backend APIs and secure authentication.
